

Starlines II

This program is a blend of physics and metaphysics, continuing to strengthen the energetic pathway between Earth Core and the Galactic Core, through Focus 49, with opportunities to explore various forms of dimensional shifting along the way and beyond. In so doing, we will strengthen our energy bodies and reclaim aspects of Self, reminding us that we are not only more than our physical bodies, or the physical universe, but even more than the infinite number of parallel universes which our scientists hypothesize. We will explore teachings from cultures where this kind of space-time shifting was recognized, taught and revered. Since the alignment between our solar system and the galactic core figures prominently in many of the prophecies about 2012, this program also provides a unique opportunity for participants to investigate for themselves and discover emerging patterns of awareness, experience, and expression.
